BOOSTER CLUB

## FLEA MARKET

In the past, there were always flea markets that were not only great successes, but also real events. There have been many enthusiastic parents and children who have demonstrated their buying and selling talent. This year we finally want to pick up where we left off.

### JOIN THE ALBANI FLEA MARKET!

All those who would like to help with the organization or otherwise contribute are cordially invited to contact the sponsoring association:

**Email to:** [foerderverein.albanischule@outlook.de](mailto:foerderverein.albanischule@outlook.de)

**Keyword:** **FLOHMARKT**

## ACCESSION COMPETITION

Wie As every year, we offered 100.-€ for the class fund of the 1st class that submits the most membership application to the Förderverein.

**Congratulations to the 1c and many thanks to the parents!** The second and third places are also rewarded with **book vouchers of 50.-€ each.**

## SUSTAINABILITY WITH REUSABLE

The school has been committed to sustainability for years. We would also like to make a contribution to this. Recently, disposable cups were used at events to serve juice, water or coffee. We have been looking for a solution to this waste problem and have found one here in Göttingen.

The company [FairCup](https://fair-cup.de/) offers to provide reusable cups and lids in exchange for a deposit, and to replace the cups if they are damaged. Together with the school, the sponsoring association has decided to introduce the system as a test for the time being.

More information about FairCup is available at <https://fair-cup.de/>.
